2007**

2nd Announcement

**September
14th and
15th, 2007**

**Strasbourg, Europe
Palais de la Musique
et des Congrès**

www.aiod-osteoint2007.eu

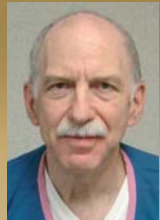

Welcome address:

Dear Colleagues,

We welcome you to the combined meeting of the AIOD and the GKS appropriately held in Strasbourg - the 'crossroads' city of Europe. Our memberships are dedicated to the care of patients with skeletal injuries. We share a common interest in dynamic osteosynthesis. Our spiritual founders are European, and Strasbourg is a European capital city. We invite you to bring your ideas, cases, problems to present, display and discuss with colleagues from Europe and all over the world.

Good papers will show results and point the way to solving clinical problems. Good posters will convey concepts which can be visually understood. Enjoy our venue. Strasbourg has a unique cuisine, wonderful markets and terrific ambiance. Enjoy our walking district, visit the old city, stop for a beer or a glass of Alsatian wine. Meet new friends, spend time with old ones. Osteosynthesis 2007 and the Annual Meeting of the AIOD is a combined Congress you do not want to miss.

We would like to draw your attention that on 13th september in the afternoon, the German AIOD will held its Annual Meeting and General Assembly.

Prof. David SELIGSON
President Gerhard
Küntscher Society

Dr. Gilbert TAGLANG
President AIOD
International

Prof. Ivan KEMPF
Honorary President

Dr. Wolfgang ROTH
President AIOD
Germany

Prof. Reinhard
SCHNETTLER
