

international trauma symposium

A faculty of international speakers will share their methods, experiences, and opinions on advanced concepts and innovative solutions in traumatology. The meeting will consist of lectures and discussions and offer the opportunity to participate in hands-on workshops led by experts. The faculty will meet with surgeons who wish to bring and discuss their clinical cases.

**Hyatt Hotel
Beijing
China**

1st - 2nd June 2006

Preliminary Scientific Program - Beijing, China

1st - 2nd June, 2006

June 1st (Thursday):

08 30-10 00 Session 1: Management of Mass Casualties Co-Chairman: Prof. T. DiPasquale, USA

Time	Subject	Speaker
5'	Introduction	Prof. D. Seligson, USA Prof. M.Y. Wang, China
15'	Response to Tsunami – an Australian perspective	Dr. A. Ellis, Australia
15'	Response to Katrina – an US perspective	Prof. T. DiPasquale, USA
15'	The Kobe experience	Dr. E. Shoda, Japan
15'	The Madrid experience	Dr. F. Chana, Spain
15'	The Evansville tornados – casualty in a small town	Dr. D. Beck, USA
10'	Discussion moderated by session co-chairman	Prof. T. DiPasquale, USA

10 00-10 30: Coffee Break

10 30-11 45 Session 2: Management Strategies in Multiply Injured Patients Co-Chairman: Prof. M.Y. Wang, China

Time	Subject	Speaker
10'	Damage control orthopaedics	Prof. J.M. Rueger, Germany
10'	Managing the polytrauma patients	Prof. A. van Vugt, Netherlands
10'	Primary care of unstable pelvic ring lesions	Prof. R. Peter, Switzerland
10'	Spinal injuries	Prof. T. Kossmann, Australia
10'	External Fixation for pelvic fractures	Dr. G. Falzarano, Italy
10'	Polytrauma management in a community hospital	Dr. M. Rose, USA
15'	Discussion moderated by session co-chairman	Prof. M.Y. Wang, China

11 45-12 50 Session 3: Management and Treatment Options in Non Unions Co-Chairman: Mr. T. Chesser, UK

Time	Subject	Speaker
10'	Late reconstruction for delayed acetabular fractures	Prof. M.Y. Wang, China
10'	Non-unions in the humerus	Mr. I.D. Russell, UK
10'	Combining multiple treatments for non-unions	Prof. V. Bühren, Germany
10'	Treatment of septic non-unions	Dr. S. Gold, USA
10'	Prevention and treatment of non-unions in long bone fractures	Prof. B.F. Zeng, China
15'	Discussion moderated by session co-chairman	Mr. T. Chesser, UK

12 50-14 00: Lunch

14 00-18 30: Meet the Experts, Implant Demonstrations & Clinical Case Discussions

Breakout Room 1: Faculty:	Management of peri-articular fractures Mr. T. Chesser, UK Prof. J.-M. Féron, France Dr. S. Gold, USA
Breakout Room 2: Faculty:	Management of intertrochanteric fractures Dr. J. Franke, Germany Dr. G. Rocca, Italy Dr. W.Y. Shen, China
Breakout Room 3: Faculty:	Management of proximal humeral fractures Prof. V. Bühren, Germany Prof. M. Rosenwasser, USA Dr. P. Dunki Jacobs, Netherlands
Breakout Room 4: Faculty:	Management of lower limb long bone fractures Dr. G. Anastopoulos, Greece Dr. G. Longo, Italy Dr. G. Taglang, France
Breakout Room 5: Faculty:	Damage control orthopaedics - the use of external fixation Prof. R. Schnettler, Germany Prof. T. Kossmann, Australia Prof. T. DiPasquale, USA Prof. A. van Vugt, Netherlands

19 15: Meet for Symposium Dinner

June 2nd (Friday):

08 30-09 45 Session 4: Tricks and Pitfalls in Nailing Co-Chairman: Prof. T. Kossmann, Australia

Time	Subject	Speaker
10'	Designing IM fixation devices to limit X-ray exposure	Dr G. Anastopoulos, Greece
10'	Benefits of reaming	Prof. R. Schnettler, Germany
10'	Benefits of non-reaming	Prof. J.M. Rueger, Germany
10'	Entry point in antegrade femoral nailing	Dr. M. Shirahama, Japan
10'	Antegrade vs. retrograde	Dr S. Gold, USA
10'	Nailing with navigation	Prof. K.S. Leung, China
15'	Discussion moderated by session co-chairman	Prof. T. Kossmann, Australia

09 45-11 00 Session 5: Tricks and Pitfalls in Plating Co-Chairman: Dr. W.Y. Shen, China

Time	Subject	Speaker
10'	Limitations of MIPO plating in the humerus	Prof. Q.G. Wang, China
10'	Clinical advantages of polyaxial plates	Prof. J.-M. Féron, France
10'	Pitfalls in treating peri-articular fractures	Mr. G. Bowyer, UK
10'	Plating vs. Nailing – When do I use a plate on the femur	Prof. D. Seligson, USA
10'	Treatment of distal radius fractures with locking plates	Dr. H. Sakano, Japan
10'	Restoring articular alignment for tibial plateau fractures	Prof. R. Schnettler, Germany
15'	Discussion moderated by session co-chairman	Dr. W.Y. Shen, China

11 00-11 30: Coffee Break

11 30-12 30 Session 6: Managing Fractures in Osteoporotic Bone Co-Chairman: Prof. K.S. Leung, China

Time	Subject	Speaker
10'	Epidemiology trends and challenges in treating fragility fractures	Mr. T. Chesser, UK
10'	Shoulder fractures in the osteoporotic patient	Prof. P. Hoffmeyer, Switzerland
10'	Design evolution of IM fixation of the hip	Prof. K.S. Leung, China
10'	Augmentation for fixation in osteoporotic bone	Prof. T. Matsushita, Japan
20'	Discussion moderated by session co-chairman	Prof. K.S. Leung, China

12 30-14 00: Lunch

14 00-15 30 Session 7: Trends & New Technologies Co-Chairman: Prof. T. Matsushita, Japan

Time	Subject	Speaker
10'	Angle stable fixation – A new trend?	Prof. D. Seligson, USA
10'	Proximal femoral fractures – From extramedullary to intramedullary fixation	Prof. Z.A. Zhu, China
10'	Italian multicenter clinical results – BMP7	Dr. P. Cherubino, Italy
10'	Enhancement of bone healing using ultrasound	Prof. K.S. Leung, China
10'	Evolution of IM nail indications	Prof. V. Bühren, Germany
10'	Minimally invasive techniques for acetabular fractures using navigation	Dr. D. Abbott, USA
30'	Discussion moderated by session co-chairman	Prof. T. Matsushita, Japan

**15 30-15 45: AIOD: Objectives & Activities
Dr. W.Y. Shen, China**

15 45-16 15: Coffee break

16 15-17 15: Meet the Experts & Clinical Case Discussions

Breakout Room 1: Faculty:	Management of peri-articular fractures Mr. T. Chesser, UK Prof. J.-M. Féron, France Dr. S. Gold, USA
Breakout Room 2: Faculty:	Management of intertrochanteric fractures Dr. J. Franke, Germany Dr. G. Rocca, Italy Dr. W.Y. Shen, China
Breakout Room 3: Faculty:	Management of proximal humeral fractures Prof. V. Bühren, Germany Prof. M. Rosenwasser, USA Dr. P. Dunki Jacobs, Netherlands
Breakout Room 4: Faculty:	Management of lower limb long bone fractures Dr. G. Anastopoulos, Greece Dr. G. Longo, Italy Dr. G. Taglang, France
Breakout Room 5: Faculty:	Damage control orthopaedics - the use of external fixation Prof. R. Schnettler, Germany Prof. T. Kossmann, Australia Prof. T. DiPasquale, USA Prof. A. van Vugt, Netherlands

17 15: End of the Symposium and Departure of the Participants
